

CHROMEBOOK INFORMATION

All District 207 students are required to have a District 207-issued Chromebook which students are expected to have with them every day at school. District 207 Chromebooks are managed devices that receive applications, security policies and other settings which ensures that your child is connected to all instructional materials offered at District 207. The cost of the Chromebook is included in the annual mandatory school fees.

Chromebook Insurance

Maine 207 does not offer any insurance plan for Chromebooks. The ChromeDepot will repair or replace damaged equipment resulting from normal use. Breakage determined by Maine 207 to have occurred as a result of misuse, wilful neglect, intentional damage, or damage due to fire, flood or biological hazards will be the responsibility of the student. Loss or theft of the device is also the student's responsibility. Parents who are concerned about the costs associated with repairing or replacing devices that are lost, stolen or damaged should investigate 3rd party insurance policies.
