## **PSAT Score Information**

PSAT scores are available electronically for individuals to access in December, six to eight weeks after taking the exam. The College Board doesn't have the 2018 PSAT score release date finalized yet, but based on past years, it is expected that the 2018 PSAT scores to be available online around December 10, 2018. **Note schools do not have access to the online scores.** A hard copy of the students score report will be distributed to students in January 2019 after Winter break.

In September, D207 hosted the District College Fair. Students were able to speak

with 180+ colleges from all over the country. To complement college representatives/resources available at the Fair and weekly in the CCRC, Maine South will host an Options Fair on November 15. Representatives from community colleges, apprenticeship programs and high growth/high demand careers will be available to speak with students.
