

Dear Student and Parents of the Class of 2024,

The start of high school will be here before you know it and we cannot wait to meet you! We are excited to invite you to our first virtual program for incoming freshmen: *A Snapshot of Integrated Career Services*.

We look forward to seeing students and parents for a brief virtual meeting so that we can highlight our Integrated Career Services (ICS) at Maine South. These services aim to give each student a variety of experiences that will allow them to confidently pursue the post-secondary path that aligns with their interests and skills. For freshmen, this means exploring their personal interests and aptitudes. We will introduce you to YouScience, an excellent tool to help guide you through this journey.

We are offering six virtual sessions for your convenience. We strongly encourage you to participate in one session for your assigned student services team so that you can meet our ICS team and your Assistant Principal for Student Supports who will serve as your team leader this year.

Team Black is all students with last names A - G

Team Red is all students with last names H - O

Team White is all students with last names P - Z

One week before the virtual events, a link for each session will be shared via email. The session will last approximately 30 minutes. Please mark your calendar now and watch for a reminder message the week of July 6th. We look forward to sharing our Integrated Career Services with your family!
